their Own Future!"**

NATIONAL COUNCIL FOR LEADERSHIP
"Empowering Students Create
their Own Future!"

National Council for Leadership

The National Council for Leadership (NCL) is a 501c3. We are a private, non-profit organization dedicated to developing leaders at any age. We're bridging the gap of generations; a leader's legacy.

Our Mission is to transform students through leadership training to impact the future multicultural community.

Our Vision is to collaborate with other non-profit organizations across the country and provide workshops and training where needed to enhance or develop leadership programs to better serve their community.

Interactive workshop “A Game Plan for Life©”

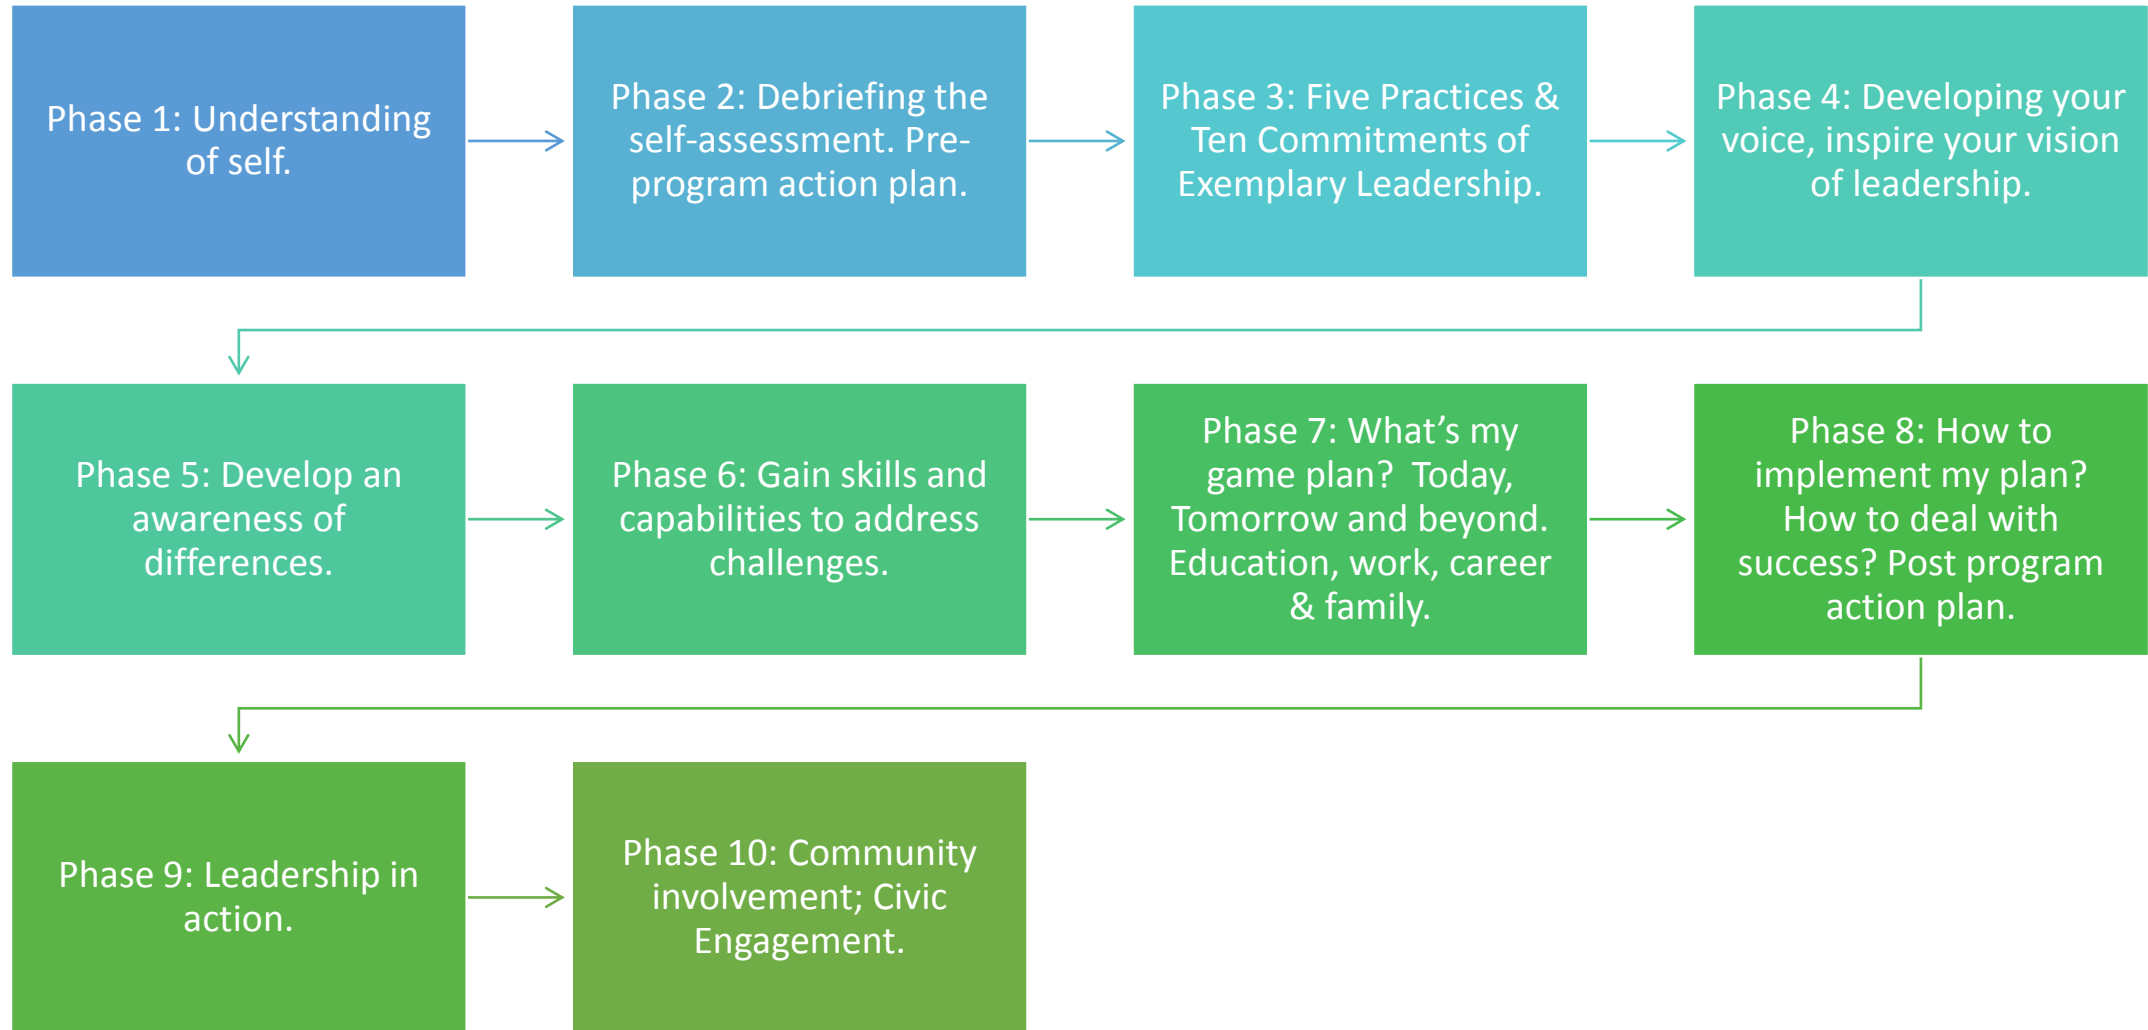

NATIONAL COUNCIL FOR LEADERSHIP
"Empowering Students Create
their Own Future!"

One of our initiatives is to help students discover who they are and how to "find their voice". In our interactive sessions, *A Game Plan for Life©* students discover principles that guide their decisions and actions. They discover ways to express a leadership philosophy in their own words, not in someone else's. We strive to help them make a difference, whether it's in their community, or in their career, we know that all who wish to learn need a way to achieve their goals by learning knowledge of self and how to work with others. Sessions are customized to meet the needs of:

- Youth engagement (starting at 3rd grade)
- Transitioning students (HS to College &/or into the Workplace)
- Young Professionals (entry level)

A Game Plan for Life©

Dropout prevention program

Working with at-risk students to support programs already in place to enhance their ability to graduate.

Working with middle schoolers, and especially 9th graders to understand more about themselves will enhance their ability to meet challenges in school and social environments.

Creating an environment of understanding and personal responsibility for actions, as well as developing leadership and personal commitment.

Improve the student's ability to understand their communication skills and begin to develop their path for success at an early age.

Career development begins with knowledge of opportunities that become available to you. Success in those jobs begins with understanding your strength and areas of improvement to reduce dissatisfaction and increase self-confidence.

Connecting students with mentors in the marketplace is another layer of success.

***“Annual Cesar Chavez Contemplation
Breakfast Reflection and moving forward...”***

This is our annual fundraising event to support our student leadership programs.

It was established in 2016 to establish an annual event where we can come together to celebrate leadership. We reflect on the legacy of Cesar Chavez and his advocacy for leadership and education. We explore solutions to current issues that impact our Latino community. We recognize Latino leaders and Non-Latino Impact Leaders that impact our community today.

It is held on last Monday in the month of March as Cesar Chavez birthday is March 31st. This event also begins a week of community service activities by Latinos for Latinos in Charlotte.

NATIONAL COUNCIL FOR LEADERSHIP
"Empowering Students Create
their Own Future!"

We believe that it all begins
with Leadership.

Creating change that ignites
innovation and generates an
environment for success.

Leadership development and
sustaining talent from the
classroom to the board room
– is our blue-print for success.

Thank you and we hope to
have the opportunity to
partner with you.
